COURSES AS REQUESTED

INTERMEDIATE CARE PARAMEDIC (ICP) BRIDGE

The Intermediate Care Paramedic (ICP) Bridge Course will offer the CMA accredited Saskatchewan Trained or Saskatchewan licensed EMT-A the opportunity to attain the credentials of an ICP. The ICP Bridge course will focus on the knowledge and skills of the Intermediate Care Paramedic program while recognizing the prior learning experiences as an EMT-A. (Regina, Saskatoon)

ADVANCED CARDIAC LIFE SUPPORT (ACLS)

As a health care professional with responsibility for adults experiencing a cardiac emergency, you will be provided with guidelines for treating cardiac emergencies. The workshop is offered to Physicians, Registered Nurses, Respiratory Therapists or Advanced Care Paramedics who have received CPR Basic Life Support “C” certification within the last two years.

PEDIATRIC ADVANCED LIFE SUPPORT (PALS)

As a health care professional who has responsibility for the well-being of infants and children, you will learn systematic approach in resuscitating infants and children. The workshop is offered to Physicians, Registered Nurses, Respiratory Therapists or Advanced Care Paramedics who have received CPR Basic Life Support “C” certification within the last two years.

PRIMARY CARE PARAMEDIC RE-ENTRY

Tuition: \$ 975

The Primary Care Paramedic (PCP) Re-entry course will provide the opportunity to prepare for or to maintain the Saskatchewan; College of Paramedics licensing credentials of a CMA accredited Primary Care Paramedic for the province of Saskatchewan.

The course will focus on the new knowledge and skills of the Saskatchewan licensed Primary Care Paramedic while also reviewing and evaluating the fundamental level of practice. The PCP Re-entry course ensures the non active or non EMS PCP's remain compliant and current with the National Occupational Competency Profiles and Saskatchewan scope of practice as defined by the Saskatchewan Emergency Treatment Protocols.

NOTE: The PCP Re-entry course consists of a 6 week home study component (in which students will be introduced to a web based learning environment which includes participation in on line discussions and activities) followed by 3 weekends of classroom instruction, lab demonstrations and evaluation.

This course replaces the former EMT Refresher course previously offered at SIAST and does not include certification or recertification in ITLS or CPR/AED.

REGINA:

Start Date: September 13, 2010
Course Number: 02-610 -EMER-197

On Campus Weekends:

Oct. 23-24, 2010
Nov. 6-7, 2010
Nov. 20-21, 2010

INTERNATIONAL TRAUMA LIFE SUPPORT (ITLS) – Refresher

Tuition: \$ 195

ITLS Providers who want to maintain current certification must take this workshop. You will review key theory and the patient assessment format. The pre-workshop material includes an ITLS post-test (to be completed prior to the workshop start date). The workshop is seven hours long (one day) and concludes with a scenario evaluation. Your ITLS refresher certificate is valid for three years. You will receive an updated ITLS Provider wallet card upon successfully completing the workshop.

REGINA:

October 16, 2010
Course Number: 02-683 - EMER-1602

SASKATOON:

April 2, 2011
Course Number: 03-739

PRIMARY CARE PARAMEDIC BRIDGE

Tuition: \$ 660

The Primary Care Paramedic (PCP) Bridge course will offer the CMA accredited, Saskatchewan trained or Saskatchewan licensed EMT the opportunity to attain the credentials of a Primary Care Paramedic.

The PCP Bridge course will focus on the new knowledge and skills of the Primary Care Paramedic program while recognizing the prior learning experience as an EMT. The introduction of the PCP program is a requirement of all Canadian EMS Training Institutions to ensure they remain compliant and current with the National Occupational Competency Profiles and maintain accreditation with the Canadian Medical Association Accreditation Services.

NOTE: The PCP Bridge course consists of a 6 week home study component (in which students will be introduced to a Web based learning environment which includes participation in online discussions and activities) followed by two on campus weekends.

SASKATOON:

Start Date: September 27, 2010
Course Number: 02-611 - EMER-156

On Campus Weekends:

Nov. 6-7, 2010
Nov. 20-21, 2010

REGINA:

Start Date: March 7, 2011
Course Number: 03-664 - EMER-156

On Campus Weekends:

April 30-May 1, 2011
May 14-15, 2011

INTERNATIONAL TRAUMA LIFE SUPPORT (ITLS) - Provider

Formerly BTLS

Tuition: \$ 370

You will develop the skills you need to recognize mechanisms of injury, assess, perform critical interventions, and package and transport the trauma patient. The workshop's primary purpose is to provide you with the fundamental knowledge and experience necessary to get the trauma patient to the emergency department in the best possible condition. You will focus on identifying conditions that require immediate transport (load and go conditions) in order to save the patient.

SASKATOON:

Oct. 1, 2, 3, 2010 Fri 6:00 – 10:00 pm, Sat & Sun 8:00 am – 5:00 pm
Course Number: 02-681 - EMER-1601

REGINA:

April 15, 16, 17, 2011 Fri 6:00 – 10:00 pm, Sat & Sun 8:00 am – 5:00 pm
Course Number: 03-737 - EMER-1601
