About Us:

The Saskatchewan Health Authority (former Sun Country Health Region) is located in sunny southeast Saskatchewan and provides health care services to a mixed rural and urban population. We operate acute care hospitals, health centres, long-term care centres and psychiatric in-patient services, as well as community-based services such as home care, mental health, nursing, emergency services, and health promotion. The region supports extensive farming and oil field activities and boasts very affordable housing, and excellent schools and community facilities.

The area offers great opportunities to outdoor and sports enthusiasts. Former SCHR provides services to the beautiful Moose Mountain Provincial Park which offers year round activities including Kenosee SuperSlides, gorgeous golf courses, camping, hiking and snowshoeing paths, snowmobile trails and more. For more outdoor adventuring, located in the Southwest of the region is the Big Muddy badlands which provides great hiking and attractions such as Castle Butte and guided tours of the badlands.

Both urban centers of Estevan and Weyburn have great indoor leisure facilities and excellent shopping. Both cities are also home to Saskatchewan Junior Hockey League (SJHL) teams and host entertaining games throughout the hockey season.
