To be assessed every two years. Assessor must be an instructor in one of the following listed programs and have expertise in the area with the skill within their scope of practice. Instructors should initial beside the programs they instruct, print and sign their names in the table.

	Date of Assessment	Signature of assessor certifying proficiency		
		Print Name	SCoP # Where applicable	Signature
<b>Bag Valve Mask and Oropharyngeal Airway</b>	dd/mm/yyyy			

I am an instructor in the following programs (check all that apply):

BLS \_\_\_\_\_

PALS/PEPP \_\_\_\_\_

ACLS \_\_\_\_\_

ITLS \_\_\_\_\_

EMR \_\_\_\_\_

First Aid \_\_\_\_\_

Saskatchewan Polytechnic/Medavie HealthEd Faculty \_\_\_\_\_

Minimum criteria for assessment includes: Skill should be individually performed (not as a group evaluation) and should include indications, contraindications, landmarking where appropriate, steps in the procedure, risks associated with the procedure and the skill itself.

Mandatory certificates cannot be used in place of this skill assessment form. However, skill assessments can occur during these classes.

Skills in both an adult and pediatric mannequins must be performed.

Skills are not required for new graduates for 2 years following graduation.

Exception: new members who are licensed in another province must provide proof of proficiency for their first renewal.

**Full instructions for renewal are at [www.collegeofparamedics.sk.ca](http://www.collegeofparamedics.sk.ca)**
