

Emergency Medical Services Regina/Indian Head/Whitewood Recruitment Process Permanent Full Time ACP's (Regina) and Casual PCP's

Closing date –January 24, 2024

Candidates will only be contacted if they meet these eligibility requirements:

- Completed CMA accredited program.
- Currently licensed or be eligible for licensure with the Saskatchewan College of Paramedics. (www.collegeofparamedics.sk.ca).

Candidates may be invited to participate in our comprehensive recruitment process where you will be required to demonstrate your knowledge and technical skills. Values of compassion, respect, stewardship, and collaboration must be demonstrated in an interview. The final recruitment stage for Regina is passing physical testing to ensure you are capable of performing in a high call volume service.

Regina EMS provides a wide range of paramedical services to the residents of Regina and surrounding area. In addition to traditional calls, Regina EMS supports the staffing efforts for Community Paramedics to Primary Health Care and relief staff to the Addictions Treatment Centre.

Please indicate in your cover letter which service or services you are interested in competing for.

An air brake endorsement will be considered an asset for Regina.

Successful recruitment candidates will be provided extensive classroom orientation and field training under the supervision of a Field Trainer. Regina EMS provides continuing education and professional development opportunities throughout an employee's career.
