

SASKATCHEWAN COLLEGE OF PARAMEDICS

COMPLAINT RESOLUTION AGREEMENT

BETWEEN:

Jack Rennie, ACP, Registry No. 13185 (the Member)

AND:

THE PROFESSIONAL CONDUCT COMMITTEE (The PCC) OF THE SASKATCHEWAN COLLEGE OF PARAMEDICS (The College)

Whereas the Saskatchewan College of Paramedics received a self-reported complaint of [REDACTED]. The report indicated administration of intravenous nitroglycerine initiated for a patient suspected of experiencing pulmonary edema on [REDACTED]. It was identified that this was initiated by a member in which you were supervising as a field trainer and the infusion was initiated following your direction. This event was also reported by the subordinate member in which you were supervising and it was noted that discrepancies were found in both the direction given during the event as well as the response supplied by the subordinate member.

Whereas the complaint was referred to the PCC for review and investigation in accordance with subsection 27(1) of *The Paramedics Act*; and

Whereas as a result of its investigation and the report presented to the committee, the PCC is of the opinion that the Member would most likely be found guilty of Professional Misconduct, as that term is defined in *section 25 of the Paramedics Act* and *section 5- Professional Boundaries, section 6- Duty to Report, section 8- Communications, and section 10- Documentation and Record Keeping of the Standards of Practice*, on the grounds that the Member acknowledged that they had failed to report the error in a prudent and factual manner, failed to sign the patient care report form, and used an Artificial Intelligence system to formulate the response to the employer. It was also noted that the Member had prompted the subordinate member to provide a report which withheld information as to the events and decisions of the care team on [REDACTED].

Professional Misconduct is conduct that is harmful to the best interests of the public; and/or the members; and/or the standing of the profession. Any conduct that is harmful to the best interests of the public, and/or the members; and/or that tends to harm the standing of the profession is Professional Misconduct.

Professional Incompetence is conduct that includes a display of a lack of knowledge, skill or judgment to an extent that demonstrates the member may be unfit to continue in the practice of the profession; and provide services that are ordinarily delivered as part of the practice of the profession and/or a disregard for the welfare of a member of the public to the extent that a member may be unfit to continue in the practice of the profession or provide services delivered as a part of the practice of the profession.

Section 10 of the College's Regulatory Bylaws requires that every Member must comply with the Code of Professional Conduct and Standards of Practice. A breach of the Code is therefore a breach of the bylaws, and a breach of the bylaws is Professional Misconduct as defined in *section 25 of The Paramedics Act*; and

**Whereas** the PCC is of the opinion that no further action with respect to the matter under investigation is warranted because the Member and the PCC have entered into a Complaint Resolution Agreement with specified terms and undertakings, and the Member has agreed to these measures to address the conduct that led to the complaint in this matter.
