BETWEEN:

Anthony Huckabay, ACP, Registry No. 47909 (the Member)

AND:

THE PROFESSIONAL CONDUCT COMMITTEE (The PCC) OF THE SASKATCHEWAN COLLEGE OF PARAMEDICS (The College)

Whereas the Saskatchewan College of Paramedics received a complaint on [REDACTED] alleging the Member had transported a [REDACTED] to [REDACTED] The patient was transported from [REDACTED] for further assessment and care after experiencing a suspected seizure. On arrival the patient was found to have a markedly decreased level of consciousness and hypercapnia secondary to respiratory insufficiency.

Whereas the complaint was referred to the PCC for review and investigation in accordance with subsection 27(1) of *The Paramedics Act*; and

Whereas as a result of its investigation, the PCC is of the opinion that the Member would most likely be found guilty of Professional Incompetence, as that term is defined in *section 24 of the Paramedics Act*, on the grounds that the Member did not recognize the clinical indications to provide airway and ventilatory support nor was appropriate monitoring initiated while in the care of the Member. It was also noted that the documentation provided in the patient care report was lacking to effectively support reassessment findings for this patient care event. Furthermore, the PCC is of the opinion that the member would most likely be found guilty of Professional Incompetence and Misconduct as the member failed to maintain the professional standards outlined in *section 2- Competence, section 7- Patient Assessment, Diagnosis and Intervention, and section 10- Documentation and Record Keeping of the Standards of Practice*.

Professional Misconduct is conduct that is harmful to the best interests of the public; and/or the members; and/or the standing of the profession. Any conduct that is harmful to the best interests of the public, and/or the members; and/or that tends to harm the standing of the profession is Professional Misconduct.

Professional Incompetence is conduct that includes a display of a lack of knowledge, skill or judgment to an extent that demonstrates the member may be unfit to continue in the practice of the profession; and provide services that are ordinarily delivered as part of the practice of the profession and/or a disregard for the welfare of a member of the public to the extent that a member may be unfit to continue in the practice of the profession or provide services delivered as a part of the practice of the profession.

Section 10 of the College's Regulatory Bylaws requires that every Member must comply with the Code of Professional Conduct and Standards of Practice. A breach of the Code is therefore a breach of the bylaws, and a breach of the bylaws is Professional Misconduct as defined in section 25 of *The Paramedics Act*; and

Whereas the PCC is of the opinion that no further action with respect to the matter under investigation is warranted because the Member and the PCC have entered into a Complaint Resolution Agreement with specified terms and undertakings, and the Member has agreed to these measures to address the conduct that led to the complaint in this matter.
