

SASKATCHEWAN COLLEGE OF PARAMEDICS
COMPLAINT RESOLUTION AGREEMENT

BETWEEN:

Rebecca Sadana, ACP, Registry No. 26711 (the Member)

AND:

THE PROFESSIONAL CONDUCT COMMITTEE (The PCC) OF THE SASKATCHEWAN COLLEGE OF PARAMEDICS (The College)

Whereas the Saskatchewan College of Paramedics received a complaint on September 5th, 2025 alleging that the Member had failed to recognize the indications for defibrillation and subsequently did not perform the appropriate interventions during the resuscitation of a patient on September 1st, 2025. The member had also submitted a self-report of this same incident on September 17th, 2025, after an internal review by the member's employer had been initiated.

Whereas the complaint was referred to the PCC for review and investigation in accordance with subsection 27(1) of *The Paramedics Act*; and

Whereas as a result of its investigation, the PCC is of the opinion that the Member would most likely be found guilty of Professional Incompetence, as that term is defined in *section 24 of the Paramedics Act*, on the grounds that the Member failed to recognize the clinical indications to provide defibrillation and anti-arrhythmic medication administration for a patient in cardiac arrest. It was also noted that at the time of termination of resuscitative efforts that the patient had been in a cardiac rhythm which again indicated defibrillation which was not performed. Furthermore, the PCC is of the opinion that the member would most likely be found guilty of Professional Incompetence as the member failed to maintain the professional standards outlined in *sections 1, 2, and 7 of the Standards of Practice*.

Professional Misconduct is conduct that is harmful to the best interests of the public; and/or the members; and/or the standing of the profession. Any conduct that is harmful to the best interests of the public, and/or the members; and/or that tends to harm the standing of the profession is Professional Misconduct.

Professional Incompetence is conduct that includes a display of a lack of knowledge, skill or judgment to an extent that demonstrates the member may be unfit to continue in the practice of the profession; and provide services that are ordinarily delivered as part of the practice of the profession and/or a disregard for the welfare of a member of the public to the extent that a member may be unfit to continue in the practice of the profession or provide services delivered as a part of the practice of the profession.

Section 10 of the College's Regulatory Bylaws requires that every Member must comply with the Code of Professional Conduct and Standards of Practice. A breach of the Code is therefore a breach of the bylaws, and a breach of the bylaws is Professional Misconduct as defined in *section 25 of The Paramedics Act*; and

Whereas the PCC is of the opinion that no further action with respect to the matter under investigation is warranted because the Member and the PCC have entered into a Complaint Resolution Agreement with specified terms and undertakings, and the Member has agreed to these measures to address the conduct that led to the complaint in this matter.

NOW, THEREFORE, the PCC and the Member agree as follows:
