

Humboldt & District Ambulance Service

Emergency Medical Services

Employment Process

Humboldt & District Ambulance Service requires a Primary Care Paramedic for a **FULLTIME** and **Part TIME** positions.

With the addition of another ambulance to Humboldt & District Ambulance Service, we currently have openings for full time & part time Primary Care Paramedics. We will consider applicants on restricted licenses waiting to complete their COPR exam.

We are a busy rural service with high acuity calls and transfer travel times of 1 hour to Saskatoon.

As a progressive service we pride ourselves in a high level of care ensuring that we continually adapt our delivery of patient care through staff education, new initiatives and equipment as well as keeping up with changing trends within health care. Our Paramedics are also involved in the delivery of Community Paramedicine initiatives within our service area.

Applicants must have a SCoP license or restricted license awaiting COPR exam as well as meet all other SCoP requirements for the PCP licensing level.

Benefits include.

- Wage & benefits are consistent with HSAS contracts including following the yearly pay step grid wage increases.
- Medical benefits and disability plan
- RRSP plan with employer contributions
- Paramedic continuing education is fully compensated
- Full time schedules are based on a 5 5 4 rotations with 24-hour shifting
HEMS would consider an option for a different schedule rotation, or a reduced number of shifts based on a employee request prior to hiring.
- Casual positions are based on the employees availability.
- Accommodations are available

Email cover letter & resume to hbltems@sasktel.net as well as any questions about the position.

Successful candidates selected to proceed within the employment process will be contacted.
